

# Our Team Helps

Feed, Clothe, Connect, Heal, Entertain & Enable The World.  
*(And you thought we were just a trucking company.)*

## ***At Ryder, Success Rides On Creating Opportunities.***

Most people give little thought to how items end up in their favorite stores, restaurants, or the like. But at Ryder, getting millions of goods to the right place at the right time is our all-consuming mission and passion. Whether it's food, pharmaceuticals, or flashlights - or just about anything you can name - **businesses of all kinds count on Ryder for efficient management, storage, distribution, and transportation** of their products. From warehousing systems to just-in-time delivery processes, we design, implement, and manage the inbound and outbound flow of materials and goods that keep businesses humming, consumers buying, and communities thriving.

As a global leader with \$5 billion in annual revenue, **Ryder meets the challenges of our diverse customer base through the equally diverse skills, backgrounds, and perspectives of our talented team members.** With over 30,000 employees throughout the U.S. and around the world, Ryder's customized solutions enable our customers to achieve their business goals and increase their competitive edge.

**Always thinking and innovating,** we work hard to create opportunities to continually expand our forefront position and have interest in adding people who can help us achieve that goal. If you're ambitious, self-motivated, and want to build a rewarding career, **Ryder could be your open road to success!**

## ***We're Driving For Perfection.***

Though a true visionary, our founder, Jim Ryder, could probably never have imagined that his idea of leasing trucks to businesses and individuals would evolve into the Ryder of today...a world-class organization **employing the industry's best and brightest and utilizing leading-edge technologies** to achieve maximum efficiency and cost effectiveness.

From humble beginnings in 1933, Ryder is now renowned for developing quality improvement techniques that constantly redefine the transportation industry's benchmarks. In fact, **for seven years running, Inbound Logistics magazine has named Ryder "the best third-party logistics company."**

More important to us, however, is the recognition we receive directly from our customers. Many of them honor us every year with awards for exceeding their expectations, and while that's very gratifying, it also motivates us to improve and do even more.

At Ryder, achieving perfection is not seen as a single destination, but rather an exciting journey with many paths to follow. **Are you ready to go the distance with us?**

## ***Join Us – We're At Work On Tomorrow's Solutions!***

In support of our customers, Ryder vehicles log more than 6.4 billion miles per year. The sheer magnitude and intricacies of our business operations require diligence, keen intellect, a broad spectrum of skills, and agility. **Here at Ryder, the status quo must be challenged; boundaries must be pushed; and driving change is always a work in progress.** Sound like fun to you?

If you thrive in a fast-paced environment; if you would enjoy learning from the best in the business; and if you want rewards that will reflect your contributions, consider joining us in one of the following disciplines:

- Finance
- IT
- Human Resources
- Sales
